SYSTEMS SECURITY AND SAFETY EQUIP.LLC

## COMPANY PROFILE

YOUR SAFETY AND SECURITY  
ARE OUR PRIORITY

## OUR VISION

Quality has always been a hallmark of **GSS**. In addition to providing services, we strive to provide our customers with the best experience possible at a reasonable cost.

## OUR SERVICES

We offer a variety of services in design, supplies, installation, maintenance, testing and commissioning of Fire protection System, CCTV and other Low voltage system. These services are well supported in the Services Departments, Engineering Departments, and Business Development Departments. The Company is Certified Under ISO 9001:2015. Services and solutions we provide are individually tailored to our clients needs and address the objectives of statutory compliance, duty of care, and business protection.

Due to our extensive training, efficient maintenance, and thorough system know-how, we have been able to substantially reduce the risks among our various clients. We developed an excellent service through the expertise and systematic approach of our sound and professional Engineers and Technicians.

## CONTENTS

1. Fire Alarm System
2. Emergency And Exit Light System
3. Fire Safety Signages
4. Emergency Evacuation Plan In Case Of Fire
5. Fire Extinguishers
6. Fire Supression System (Gas/Chemical Based)
7. Fire Fighting System (Water Based)
8. Fire Fighting Accessories/Equipments
9. Fire Fighting Pump
10. Fire Proof Door
11. Cctv Surveillance Systems
12. Access Control
13. Smart Home
14. Audio And Visual Solutions
15. Annual Maintenance Contract
16. Our Clients

## 1. FIRE ALARM SYSTEM

We are Specialize in Design, Engineering, Supply, Installation, Testing, Commissioning and Maintenance of the following systems.

- Conventional Fire Alarm Panels Workstations
  - Addressable Intelligent Fire Alarm Panels Workstations
  - Standalone Wireless Smoke Detectors
  - Addressable Ionization Smoke Detectors
  - Optical Smoke Detectors
  - Optical Beam Detectors
  - Heat Detectors
  - Multi- Sensor Detectors
  - Flame Detectors
  - Lpg Gas Detectors
  - H<sub>2</sub>s Detectors
  - Manual Call Points
  - Alarm Bells
  - Sounders
  - Water Leak Detection System
- And All Forms Of Passive Fire Protection

## 2. EMERGENCY AND EXIT LIGHT SYSTEM

We are Specialize in Design, Engineering, Supply, Installation, Testing, Commissioning and Maintenance of the following systems.

- Rechargeable Led Emergency Exit Light
- Central Battery System Emergency And Exit Light
- Central Monitoring System Emergency And Exit Light

For All Types Of Premises

### 3. FIRE SAFETY SIGNAGES

We are Specialize in Design, Engineering, Supply, Installation, Testing, Commissioning and Maintenance of the following systems.

- Glow Signages
- Non-Glow Signages

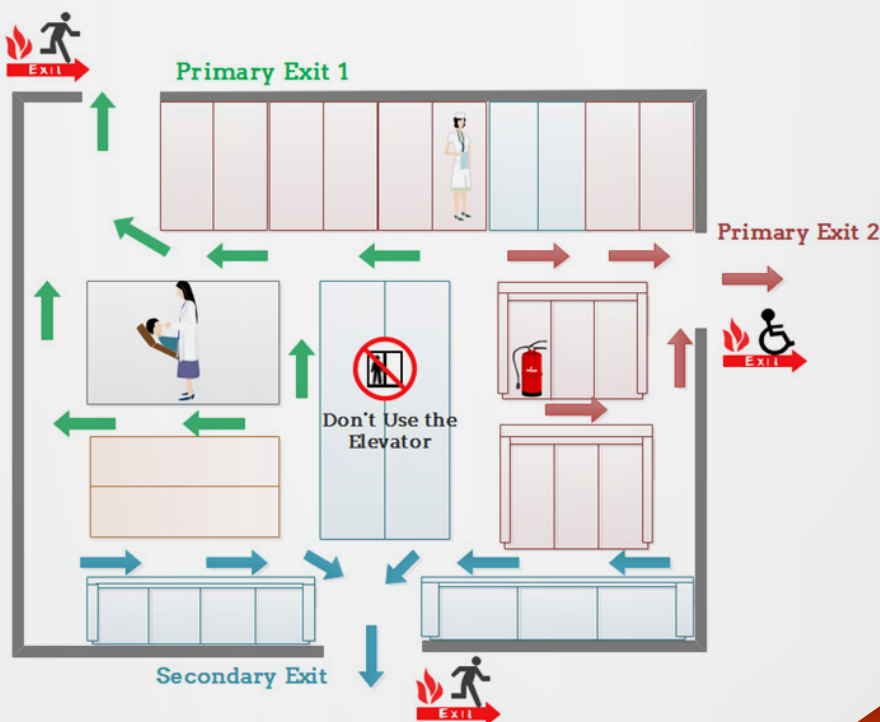

## 4. EMERGENCY EVACUATION PLAN IN CASE OF FIRE

We are Specialize in Design, Engineering, Supply, Installation, Testing, Commissioning and Maintenance of the following systems.

- Emergency Exit Plans

For All Kinds Of Premises

## 5. FIRE EXTINGUISHERS

We are Specialize in Design, Engineering, Supply, Installation, Testing, Commissioning and Maintenance of the following systems.

- Clean Agent Fire Extinguisher's
- Abc Fire Extinguishers
- Automatic Fire Extinguishers
- Fire Modulars
- Co2 Fire Extinguishers
- Mechanical Foam (Afff) Fire Extinguishers
- Dry Chemical Powder (Dcp) Fire Extinguishers
- Water Co2 Fire Extinguishers

## 6. FIRE SUPPRESSION SYSTEM (GAS/CHEMICAL BASED)

We are Specialize in Design, Engineering, Supply, Installation, Testing, Commissioning and Maintenance of the following systems.

- Clean Agent/Inergen Fire Suppression System
- Fm200 (Hfc227-) Fire Suppression
- Foam Deluge System
- Chemical Foam Suppression System

EN 12845

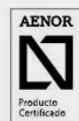

## 7. FIRE FIGHTING SYSTEM (WATER BASED)

We are Specialize in Design, Engineering, Supply, Installation, Testing, Commissioning and Maintenance of the following systems.

- Automatic Water Sprinkler System
- Hydrant System
- Hose Reel System
- Landing Valve System
- Deluge System
- Preaction System
- Hybrid Deluge And Sprinkler System

EN 12845

## 8. FIRE FIGHTING ACCESSORIES/ EQUIPMENTS

We are Specialize in Design, Engineering, Supply, Installation, Testing, Commissioning and Maintenance of the following systems.

- Hydrant Accessories Like Hose Box
- First Aid Hose Reel (Rrl)
- Hose Reel
- Fire Hose Delivery Coupling
- Fire Man Axe
- Coupling
- Butter Fly Valve
- Fire Stand
- Nrv (Non-Return Valve)
- Short Branch Pipe
- Shut Of Nozzle
- Draw Out Connection
- Landing Valve
- Sprinklers

- Fire Bridge Connection
- Adaptors For Hydrant
- Fire Bucket
- Fire Beater

And Other Fire Fighting Fittings And Accessories.

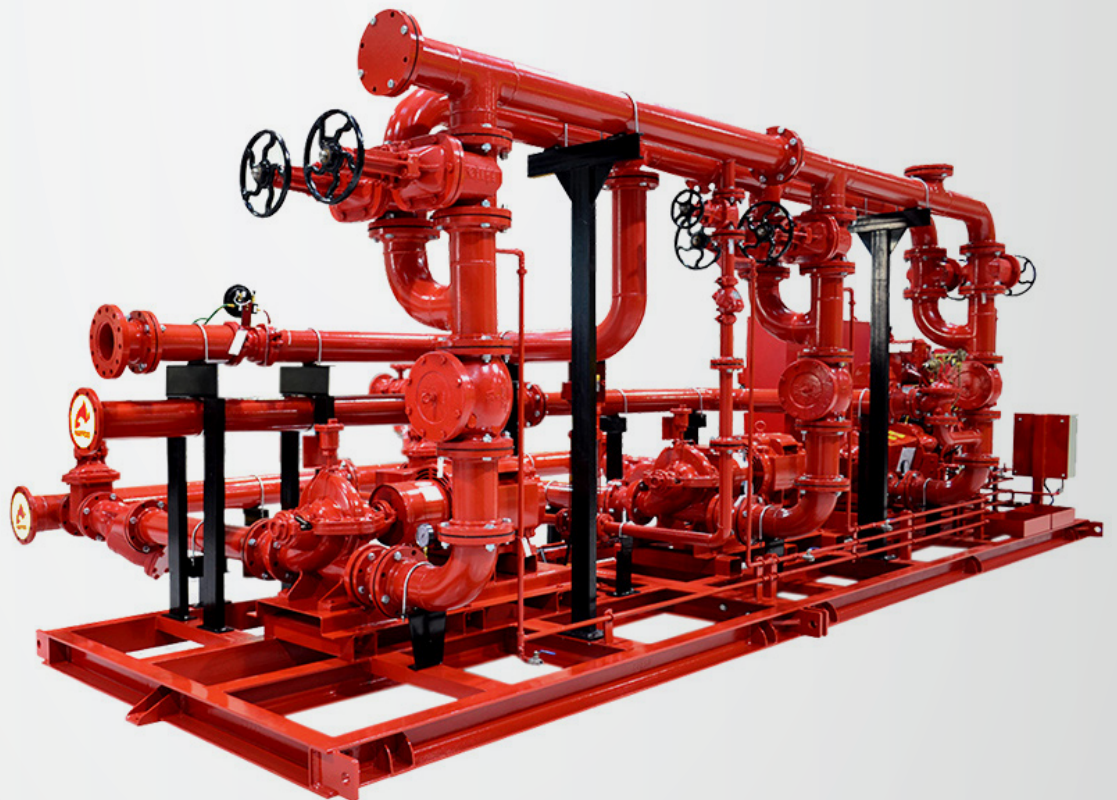

## 9. FIRE FIGHTING PUMP

We are Specialize in Design, Engineering, Supply, Installation, Testing, Commissioning and Maintenance of the following systems.

- Horizontal Split Case Fire Pump Set
- End Suction Fire Pump Set
- Vertical Turbine Fire Pump Set

We Offer Both UI And Non-UI Fire Fighting Pumps.

## 10. FIRE PROOF DOOR

We are Specialize in Design, Engineering, Supply, Installation, Testing, Commissioning and Maintenance of the following systems.

- Steel Fire Rated Doors
- Wooden Fire Rated Doors

EN 12845

## 11. CCTV SURVEILLANCE SYSTEMS

We are Specialize in Design, Engineering, Supply, Installation, Testing, Commissioning and Maintenance of the following systems.

From 'plug and play' to the latest in high-speed dome, motion-tracking, IP cameras to thee basic Digital Video Recorder (DVR). From the most advanced, Analytics DVR, able to recognize faces, number plates, objects lost, direction of merchandise etc. to local viewing and remote viewing (Internet based or Local Area Network), for homes to casinos.

- Dome CCTV Camera: - Dome CCTV Cameras are most commonly used for indoor security and surveillance applications.
- Bullet CCTV Camera: - Bullet CCTV Cameras are often used in applications that require long distance viewing.
- Day/Night CCTV Camera: - The camera is ideal for outdoor surveillance applications, where Infrared CCTV cameras cannot function optimally.
- Infrared/Night Vision CCTV Camera: - These night-vision CCTV cameras have the ability to see images in pitch black conditions using Infrared LEDs and are ideal in outside conditions where lighting is poor to zero.
- Network/IP CCTV Camera: - These cameras, both hardwired and wireless, transmit images over the Internet, often compressing the bandwidth so as not to overwhelm the web.
- Wireless CCTV Camera: - Not all wireless cameras are IP-based.

Some wireless cameras can use alternative modes of wireless transmission.

- High-Definition HD CCTV Camera: - HD security cameras, also known as HD CCTV cameras and HD over Coax cameras, are capable of capturing high-definition video surveillance footage.
- Thermal Camera: - Thermal cameras are ideal for industrial applications including process control, critical component or vessel monitoring, and even early fire detection.

## 12. ACCESS CONTROL

We are Specialize in Design, Engineering, Supply, Installation, Testing, Commissioning and Maintenance of the following systems.

From the basic put-pin-to-enter to network operated multi-door, 000 100 user Bio-metric (Finger print) systems, operated from remote locations (Internet of GSM Systems). Gate motors and Boom gates for homes to Golf Estates.

- Biometric

Physiological- face, fingerprint, hand and iris

Behavioral- keystroke, signature and voice

- Intercom Systems

Hard wired, wireless, GSM and VOIP systems

- Automatic boom barrier and spike barrier

Automatic barrier offers efficient security at the exit and the entry points of factories, office complexes, corporate houses, residential buildings, parking lots, toll tax plazas or any road way entry where medium to heavy traffic is expected.

- Improves security
- Control the flow of traffic
- Save money on security expenses

## 13. SMART HOME

We Offers Smart Home system traverses beyond basic automation by providing complex logic scenarios, speech recognition, artificial intelligence, text-to-speech, and special concept designs which cater to specific customers that wish to have a unique solution locally and on a world-wide scale.

## 14. AUDIO AND VISUAL SOLUTIONS

We are Specialize in Design, Engineering, Supply, Installation, Testing, Commissioning and Maintenance of the following systems, Public Address/Voice Evacuation System Public Address/BGM System, AV System, Digital Signage Solution, SMATV /MATV System, IPTV System

## 15. ANNUAL MAINTENANCE CONTRACT

We Offer AMC for All kinds of

- Fire Fighting System
- Fire Alarm & Detection System
- Fire Extinguishers
- Fire Protection System
- Fire Suppression System
- Emergency And Exit Light System
- Cctv Surveillance Systems

Our offer included Emergency call out and Planned Preventative Maintenance.

## 5 Reasons Why You Should Have an Annual Maintenance Contract

Save Money and Make Budgeting Easier

Get More Out of Your Hardware or Facilities

Emergency Support When You Need It

Expert Technicians at Your Disposal

Focus on Other Things and Leave Maintenance to the Pros
